Connally Ford and Jaycees to Stage 'Punt' Contest

Hamlin area grade school boys from eighth through 11 can pit their football skills against thousands of other boys throughout the nation in the third annual Punt, Pass & Kick Competition which will culminate with a trip to Washington, D. C., for a White House tour, then to Dearborn, Michigan, and then an appearance at the National Football League Championship game for the top eight winners.

Sponsored nationally by the Ford Division of Ford Motor Company and the National Football League, the Punt, Pass & Kick Program — or PPK — will be staged here Saturday, Oct. 12, by Connally Ford Sales with the Hamlin Jaycees as local co-sponsor. Registration closes Oct. 11.

Hamlin youths will be tested for their ability to punt, pass and kick (using a kicking tee) footballs on the same day as thousands of other boys all over the country, with warm-up jackets, football helmets and autographed footballs to be given as first, second and third prizes for each group, or four top Hamlin winners in all. Scores throughout the state then will be compared to determine the four top Texas winners, and these scores compared to determine the most skillful eight, nine, ten- and eleven-year-old fledgling football stars of the area covered by the telecasts of the 14 National Football League team.

MRS. FOMBY DIES MONDAY IN ANSON

Mrs. Will Fomby, 85, resident of the Fairview Community for 55 years, died at the Anson General Hospital in Anson, Monday morning at 5. She had been ill for about two years and had resided in the R. O. B. Nursing Home prior to being hospitalized Sunday.

Born Katherine (Pet) Futrell in McGregor, Aug. 18, 1878, she was married to J. W. Fomby in Stamford Jan. 5, 1898. He died Nov. 21, 1956.

She was a member of the Fairview Baptist Church where services were held Tuesday at 4 p.m. Rev. M. E. Randolph of Abilene and Rev. Vernon Mayfield were officiating ministers. Burial was in Fairview Cemetery.

Survivors include three sons, Elbert B. of Hamlin, C. A. of Tuscola, William W. of Odessa; three daughters, Mmes. Frank Waggoner of Hamlin, R. G. Rowell of Anson, Roy Hartwell of Dallas; a daughter-in-law, Mrs. Ione Fomby of Hamlin; one brother, Levi Futrell of Lamesa; two sisters, Mrs. Mary Grimes of Kerrville and Mrs. Bob Hahn of Spur; six grandchildren, four great-grandchildren. Assessor Urges Public Not to Pay Poll Taxes Yet

"Don't mail in poll tax payments along with your regular tax payments starting Oct. 1," was the advice of Jones County Tax Assessor Collector A. J. French this week.

Then he went on to explain that among the constitutional amendments Texans will vote on Nov. 9 is one that will do away with poll tax payments and substitute instead a registration system that will cost only 25 cents. Should the amendment carry, this registration would start about Dec. 1.

Many people normally pay their poll taxes along with property and personal taxes in October. The county, like many other tax authorities, allows a three per cent discount in October and the bulk of taxes are paid at this time.

The big hitch as emphasized by Mr. French, is that citizens who pay poll taxes in October can not get their money back should the amendment carry.

"The only thing I know to do," Mr. French said, "is to tell people not to pay their poll taxes until we see what happens to the proposed amendment."

PIPERS TO TANGLE WITH HIGHLY RATED LOBOES FRIDAY

The Pied Pipers will close out a three game home stand as they take on the highly rated Cisco Lobos here Friday night. The Lobos have defeated both of their home county rivals, Ranger and Eastland, and suffered a narrow 6-0 loss to Stamford while the Pipers own a 3-0 record.

The Lobos are the pick for the 8-AA flag and boast a strong defensive game that has limited their three opponents to 20 points.

According to local scouting reports the boy to watch in the Cisco backfield is halfback Danny Phipps who weighs 180 pounds and is a strong runner. The fastest boy in the Lobos backfield is wingback Nicky Lopez who is very effective on reverses.

The possible starting lineup for the Lobos will be left end, C. B. Rust, 164-pound junior; left tackle, Richard Coats, 193-pound junior; left guard, Gene Darr, 185-pound senior; center, Ralph Lanham, 154-pound senior; right guard, Earl Carson, 198-pound senior; right tackle, Charles Stephenson, 162 pounds; right end, Robert Mitchell, 149 pounds; quarterback, Macon Strother, 157

pounds; fullback, Jimmy Brown, 149-pound junior; halfback, Phipps, senior; wingback, Nicky Lopez, 149-pound junior.

The Lobos run a flip-flop offense in which the line engages sides to go with the backfield. If the wingback changes sides when they line up, the line will also change sides, so that the right side of the line will be playing on the left, part of the time.

The game will get underway at 8 p.m. in Pied Piper Stadium.

The game will get underway DISTRICT ACTION—

Years Ago ...

FIVE YEARS AGO:

Origin of one of Hamlin's most disastrous fires in its 50 year history that Saturday completely destroyed the R. B. Spencer & Company lumber yard and offices Saturday evening remained a mystery at mid-week after several investigations by Fire Marshal Bryant Conner and insurance adjusters failed to reveal any clues.

Tarleton Willingham and son of Hamlin have been elected to membership in the American Angus Association at St. Joseph, Missouri, announces Frank Richards, secretary, in a release to the Herald.

Jerry Floyd Briscoe gets Sul Ross degree.

TEN YEARS AGO:

Water restrictions, which have been in force in Hamlin for several weeks, may be raised soon, because of the recent catching of several months' supply of water in the South Lake, according to Mayor B. M. Brundage.

Two dry fire extinguishers and new electrical controls for the fire siren were received this week by the Hamlin Volunteer Fire Department.

J. B. Daniel, Hamlin Hatchery operator, and son, Wayne, 13, spent about two hours at the bottom of a well on the Joe Calhoun place northeast of town last Friday, where they had fallen some 30 feet while they were cleaning the well.

FIFTEEN YEARS AGO:

First bale of the 1948 cotton season was brought in Tuesday of this week by T. E. Walls of the Boyd's Chapel community south of town.

Gordon R. Bennett, former superintendent of Hamlin Schools and later in business here, has been named assistant to the president of McMurry College at Abilene.

Troy T. Long of Hamlin has enlisted in the Army, according to the Abilene recruiting office.

Star Inzer of Hamlin has been named chairman for Jones County for the Texas Rural Roads Association.

TWENTY-FIVE YEARS AGO:

The General Crude Oilers baseball team, which has been setting the woods a fire with their playing in recent weeks defeated the Forsan Oilers Sunday afternoon by a 3 to 2 count for their twentieth straight victory of the year.

Lefty Courtney, pitching for the locals, allowed only three hits in the fray.

Mrs. C. S. Dickey and little son, Jerry Don, of Aspermont, were over Monday to be with her parents, Mr. and Mrs. Claud Newsom, who were here from California for a short visit.

First bale of 1938 cotton was brought to town Wednesday of this week by C. C. Lopez, farming southwest of town. It was ginned by the Fed H. Britton gin.

Mrs. Ineth Williams, daughter of Mrs. T. E. Harden, left Sunday for Chicago as one of the Curtis Publishing Company contest winners recently conducted.

FORTY YEARS AGO:

On Thursday, August 23, 1923, at the City Hall a number of ladies met to organize a Cemetery Association.

Bud Ferguson who sold his fine place at Neinda last week is not going to leave a good county like this around Hamlin. He just comes up a little nearer town and buys the Caldwell farm, two miles south of town.

The next fad for the ladies will be "bobbed switches."

The Jones County Commissioners Court was sitting as a board of equalization Monday. Notices of increased valuations were mailed to eight taxpayers but up to noon Monday only two had appeared to contest the increase.

SAME OLD STORY!

A boy and girl... he carries her books to school... they share stories and laughter... yes, it's the same old story, but it's all new to them. Even though we have seen it many times before, we receive joy in seeing their joy.

From the beginning of man's time on earth, God has revealed himself to man, and man has told others about God, and how much God has done for man. Through centuries the story has not changed, but there are many who have not heard the story. Invite someone to church this Sunday. It may be their first opportunity to hear of God's great love.

"For God so loved the world that he gave his only begotten Son, that whosoever believeth in him should not perish, but have everlasting life."

John 3:16

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

OLD GLORY...

By Judy White

Mr. V. R. Leverett, Superintendent of Old Glory School, attended the Administrators Conference held at the Coca Cola Plant in Abilene on Wednesday, Sept. 19, at 10. Others from here attending the meeting were Mrs. Thelma Smith, County Supt. of Stonewall County and her assistant, Mrs. Bernice D. White of Old Glory.

This was the first such meeting for the 1963-64 school year. School administrators from this West Texas area meet in Abilene seven times each school year to discuss and study the problems facing our schools today. They work together with consultants from the Texas Education Agency

and others to try to find a solution to their problems.

The group voted to discuss the School Library at their October meeting. The November meeting will be in regard to "Drop-outs".

H. A. Beverly Garner was elected president of the Old Glory Chapter of the Future Homemakers of America at the meeting last week. Other officers include first vice-president, Donna Pierce; second vice-president, Nancy Zahlenkamp; third vice-president, Marilyn Flow; fourth vice-president, Stephanie Letz; fifth vice-president, Carolyn Sander; corresponding secretary, Linda Newman; recording

Newspaper to Run Children's Pics In Near Future

It is an undisputed fact that the responsibilities of tomorrow's world our nation and community will rest upon the shoulders of the children of today. Since this is true, the publisher of this newspaper would like to give you a good look at these future "World Builders."

The only way we can do this is by publishing pictures of them in a feature series. To assure the latest and best reproduction pictures they must all be of uniform size and quality.

An expert children's photographer with all the necessary equipment for this specialized work will be here Wednesday, Oct. 2.

Pictures will be taken at the White Plaza Hotel from 10 a.m. to 3 p.m.

No Charge to Parents

There is no charge to the parents. There are absolutely no strings to this invitation. It is bonafide in every sense of the word. Parents do not have to be subscribers, nor even readers of this newspaper to take advantage of this feature. Neither are they obligated to purchase pictures after they are taken. Those who want some additional prints may obtain a limited number by arrangement with the studio representative when they select the pose they want printed in the paper. It is entirely up to them.

The More Pictures The Better

This paper simply wants pictures of all the youngsters and the more, the better. So the mothers and fathers of the community in which this paper circulates should remember the date Wednesday, Oct. 2, 10 a.m. to 6 p.m. bring their children to the photographer.

Appointments may be made by calling Mrs. A. J. Winegeart SP 4-2289.

The Year of the Test Drive starts today!

Ford cars have changed. Only a test drive can tell you how much. Races and rallies, economy runs, braking and acceleration tests have bred into our 1964 models the kind of total performance you just can't create on the test track alone. They are hard-muscled, fast-moving, sure-footed. Open competition helped make them that way. They offer you substantially more car than anything at their price. You don't have to take our word for it. We're willing to rest our case on our cars.

FAIRVIEW NEWS

By MRS. ELMER JUDGER

Fall is in the air this Monday morning, the weather is cool and from the weather reports, it may get cooler, which will please everyone. Since this has been one of the history making hot summers, we are all glad it is over, even if winter is near.

It seems that deaths and tragedy headlines our news once again this week. Word has been received of the death of Mrs. Will Fomby, in the Anson Hospital, at five o'clock this morning. Mrs. Fomby has been in the Roby Nursing home, but was transferred to Anson Hospital yesterday morning. Funeral services were held at the Fairview Church, where she has been a long time member, at 4 p.m. Tuesday afternoon, with burial in the Fairview Cemetery beside her husband, the late Will Fomby.

Mr. and Mrs. Fomby came out to our community as a young married couple and bought the home southeast of the church, where they reared their family. After Mr. Fomby's death she continued to live there until ill health forced her to break up housekeeping, after which she lived in Anson, until going to the nursing home in Roby.

Since last week's paper carried the death of Mr. G. W. Wainscott all we need to add to it is our sympathy to the family. On Monday morning he was still alive but passed away the following day, with funeral services being held in our church, where he was a member. Another old time resident of our community has passed on, leaving another vacant spot.

It was a great shock to the people of this area Saturday night when they learned that the pilot killed in the crash of the jet plane, south of Abilene Saturday night, was Billy Fielder son of Mr. and Mrs. Gay Fielder, former residents of our community, but having lived in Alpine for many years. Mr. Fielder is the owner of the place known as the Jenkins place, where Mr. and Mrs. O. L. Jenkins lived for many years, and a cousin of Mrs. Jenkins. The victim was a grandson of Mrs. Mattie Bruner, who has been in the Hamlin Hospital very ill for some months, her mother being the former Fannie Bruner. His mother, Mrs. Fielder, was a Hamlin with her mother, when the tragedy occurred. Besides his family he is survived by a wife and two children.

Many out our way attended the Homecoming activities in Hamlin Saturday and from the crowd lining the streets is seemed that all of the county must have been out to see the parade. The parade was something to see, representing many hours of work and planning. The winning entry was the Seniors float and very eye

catching with a live coon up a tree, three hunting dogs below that didn't realize it was all in fun, and persisted in baying at the coon most of the time, while the poor coon was frightened to death. Three hillbilly hunters with rifles being very cute.

It has been learned that another pioneer resident of this vicinity, Mrs. D. M. Harris, now living in Commerce, is in a very critical condition.

Mr. and Mrs. W. C. Henry, Elgin, came and spent the weekend with his parents, Mr. and Mrs. E. A. Henry and brought their daughter Jo, to spend some time with the grandparents.

Wednesday, Mr. and Mrs. Henry went to Blooming Grove, Texas, to attend the funeral of a cousin, Mrs. John Pullin.

Saturday night visitors of Mr. and Mrs. Elmer Joiner were, Mr. and Mrs. Buck Joiner, Jerry and Susan, from Odessa, and Winifred Joiner, San Antonio. Sunday visitors were Mr. and Mrs. Jimmy Joiner, Jeannie and Ronald, Stamford.

Mr. and Mrs. Mel Jones went to Abilene Saturday night and visited their son, Mr. and Mrs. Rex Jones, Mark and Sherry.

Linda Goodwin is very proud of her drivers license, which she got last week by passing the final test. She took the drivers education course in the summer but owing to illness was not able to take her test at that time.

Since I promised to tell you about my trip to the city of San Antonio this week will say that I did go and had a great time. Stayed on the tenth floor of the Granada Hotel, which is a long way up for an old country girl, and attended two days and three nights of activities where there were 800 women present, and maybe you think that isn't a lot of women, without a man in the crowd, besides a speaker or two. The highlight of the meeting was the banquet Thursday night, where Mrs. Lyndon B. Johnson was a guest, and the featured speaker, telling of their recent trip to the Scandinavian countries. She is a very interesting speaker and she also stood at the door and shook hands with the whole 800 people there, so we can all say that we got to shake hands with the Vice-President's wife, which is next to shaking hands with Jackie.

NEINDA PHILOSOPHER TELLS WHY THE UNITED NATIONS FINDS ITSELF HEAD OVER HEELS IN DEBT

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route 1 tries to shed some light on international finance this week, his letter indicates.

Dear editor:

Sometimes the difference between a big man and a little man is that the big man just owns more money.

I don't know why I mention this, unless it was because of an article I read last night while I was going over some bills I was supposed to pay before the 10th of the month.

According to it, the United Nations is 100 million dollars in debt and its financial situation is getting worse instead of better. This has shocked a lot of

people.

Now I'm not going into the philosophical purposes of the United Nations, that's out of my field, although if the world ever eliminates war it'll probably be through a single police force, but don't ask me how we can swing it.

What I was interested in is the financial aspects of the organization. I mean, what's so surprising about the fact the UN is head over heels in debt?

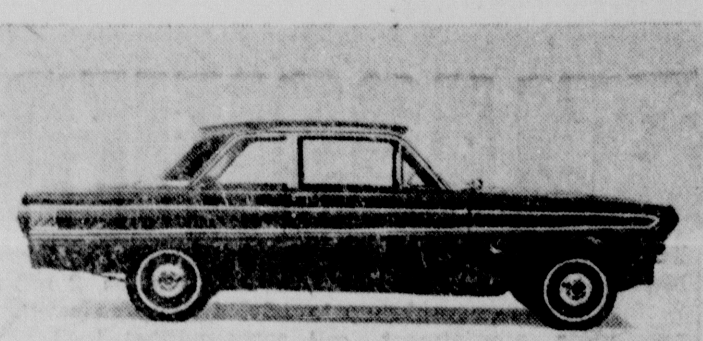

You take 75 or 100 countries, each one of which is head over heels in debt, and let them form a super-organization like the UN, and what can you expect?

If 75 or 100 farmers who can't quite make ends meet

organized a bank, how long you reckon it's before that bank was out of money?

Idealists who are shocked that the United Nations is financially embarrassed just don't understand how the world operates. I'll explain it to them. It goes this way:

The first unit of government a man comes in contact with is the precinct or town or city governments, 90 per cent of which are in debt. The next is the county, 90 per cent of which are in debt. The next is the state, 90 per cent of which are in debt. The next is Washington, 100 per cent of which is in debt, the same as London, Paris, Moscow, etc. Under this system, where else would the

Although it retains its handy compact size, the Ford Falcon has an exciting new look of action for 1964. Completely restyled for the first time since its introduction four years ago, the new Falcon offers added comfort inside, improved economy and a softer, big-car ride. Both tall and short drivers will find the visibility improved and the seating position more comfortable. The Falcon matches its look of action with a choice of engines ranging from the economical 141-cubic-inch six-cylinder to the high performance 260-cubic-inch V-8. The Falcon has the widest model choice in the compact field with 17 models in five series including 2- and 4-door sedans, hardtops, sports coupes, convertibles, station wagons and the Station Bus, Club Wagon and Deluxe Club Wagon. They will be introduced in Ford dealer showrooms September 27.

We plowed the new ground

Midwest Electric Cooperative pioneered rural electrification in the nine county area it serves. The member-owners of Midwest Electric borrowed \$4,900,000 and built their own electric system to serve people who had no electricity. Midwest Electric was first to serve these areas. No one else could or would offer service.

Since 1938, Midwest Electric has repaid more than \$1,200,000 on the principal and more than \$760,000 in interest on their loans while offering a dependable efficient, economical electric service.

Midwest Electric plowed the new ground and their member-owners today are harvesting a healthier, happier, better way of life through rural electrification.

Mighty Mice Take Albany Here, 8-6

The Hamlin Mighty Mice upset the Albany Cubs here Tuesday night in a defensive battle, 8-6. The Mice scored in the fourth quarter and held an eight point lead until there was less than a minute on the scoreboard clock. The Cubs scored in the final seconds of the game but were unable to pick up their two points.

The Mighty Mice have an open date next Tuesday night, but will host the Anson Cubs on Oct. 8. The game time will be 7 p.m.

On April 18, 1949, Erie became the Free Republic of Ireland, cutting last ties with Britain.

PIPERS GET OFF TO SLOW START AS THEY DOWN SPUR, 48-12

The Pied Pipers mauled a game, but undermanned, Spur eleven here Saturday night, 48-13. After a lackadaisical first quarter, the Pipers started to move in the second, scoring three touchdowns. They rolled up 15 points in the third period and 12 in the final quarter. Spur put their 12 points on the board in the last period as they gained field position for the first time of the night and took to the air against the Piper reserves.

Spur brought only 15 men with them and were soon worn down as they were unable to substitute.

The ball changed hands twice in the opening minutes of the game as both teams lost the ball on fumbles, deep in Spur's territory. Spur fumbled on the second play of the game with Hamlin taking over on the Spur 16. After moving down to the Spur four yard line, Hamlin drew a 15 yard penalty that put them back on the 19. After picking up one yard in two plays, the Pipers fumbled on a run to the Spur six.

The ball changed hands seven times before the Pipers

were able to get a touchdown drive going in the second quarter. Getting the ball on the Spur 41 yard line following the recovering of Spur miscue, the Pipers gained the 41 yards in 10 plays with halfback Rupert Compton doing the honors from the six. Robert Pearce kicked the first of four one pointers for the night.

Spur failed to move the ball and punted from their 18 with Pearce returning it to the 21. From that point Hamlin drove to the goal line in 5 plays with Pearce going in from the four. He kicked the point after and the Pipers held a 14-0 lead.

Again, following the kick off the Bulldogs failed to gain and punted from their 34 with Hamlin returning it to the Spur 43. Halfback Larry Butler gained nine and then quarterback Johnny Oberman passed to Mike Shivers for 18 yards and then the two connected again for 28 yards and the score. The Pipers led 21-0 following Pearce's successful kick.

In the third period the two teams exchanged punts and then the Pipers put together a 70 yard drive for a tally with

Compton breaking loose for a 44 yard scamper. Pearce again kicked the point after.

Hamlin recovered a Spur fumble on the Bulldog 9 midway in the third period and took three plays to score with fullback Cleon Warner powering in from the two. The Pipers passed to Butler for a two pointer.

Early in the final period Hamlin drove 28 yards in seven plays to score following a fumble recovered. Halfback Allen Cumble scored from the two.

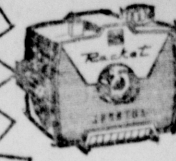

Spur put their first mark on the scoreboard following the kickoff that they returned to the Hamlin 49. Three pass plays and a 15 yard penalty against Hamlin were the factors in the drive as quarterback George Neaves passed to halfback Rickey Ball for 27 yards and the score. The point-after try failed and the score stood 42-6.

The Pipers were forced to punt from their own 31 and the Bulldogs put two pass plays and a five yard penalty together for the score. Neaves passed to halfback Joe Stanley for the last nine yards.

Taking the kickoff back to their own 33, the Pipers ran two plays for a net loss of one yard and then quarterback Tommy Ferguson flipped a short pass to end James Ledbetter with Ledbetter going all the way. The play was good for 68 yards.

Expect great things from Chevrolet again-for '64

Today... Jet-smooth Luxury '64 CHEVROLET

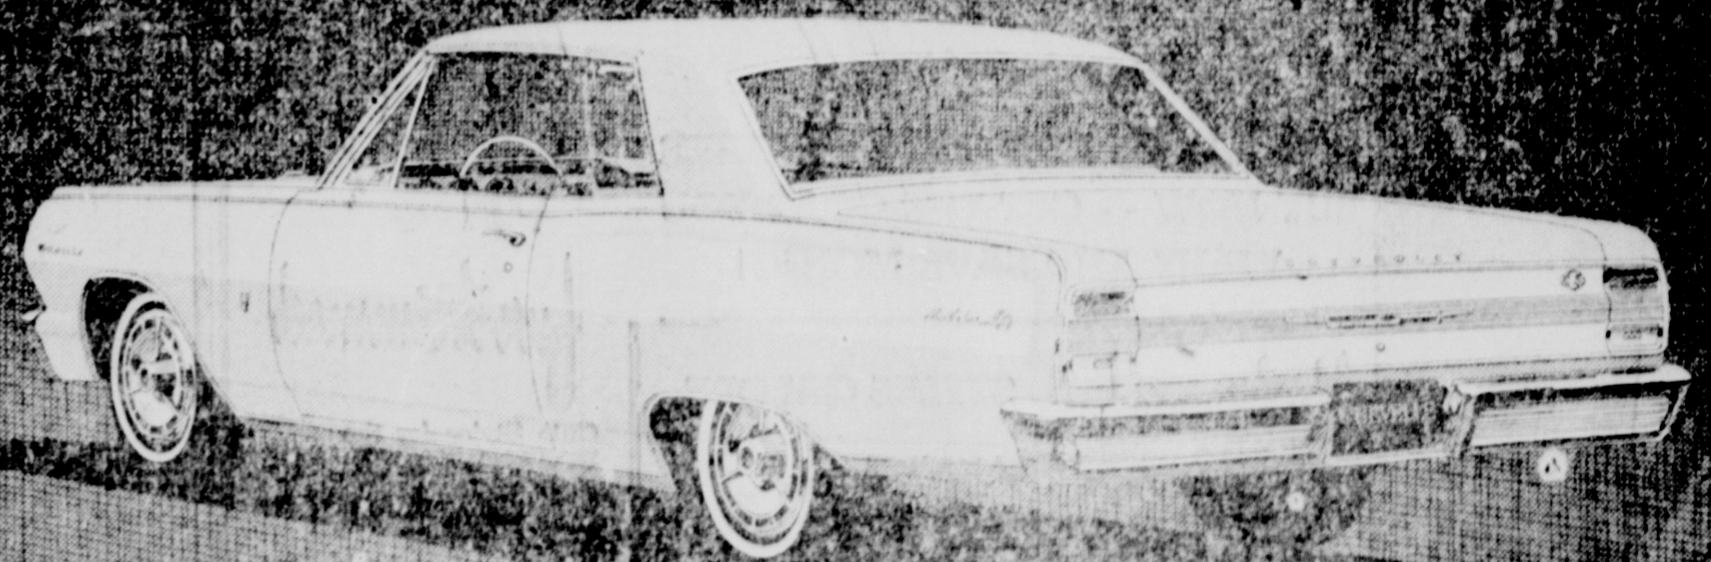

'64 Chevrolet Impala Sport Sedan—one of 15 Jet-smooth luxury Chevrolets.

Chevrolet was luxurious before, but you should see it now. With smart new styling, the '64 Chevrolet looks even longer (but isn't). There's even a whole new series this year—the Impala Super Sports—with front bucket seats as standard equipment. (The new Impalas and Bel Airs are more luxurious,

too. Even the lowest priced Biscaynes have new foam-cushioned seats front and rear and are fully carpeted.) Of course, you expect more than just luxury from Chevrolet. A choice of 16 power teams, for instance—a 6 and six V8's up to 425 hp (optional at extra cost). And quieter transmissions. Jet-smooth

ride with Full Coil suspension. Flush-and-dry rocker panels. Delcotron generator, self-adjusting brakes and other low-upkeep features. If you've ever wondered how luxurious Chevrolet could get—with all the extra-cost options there are to choose from—that seems to be entirely up to you.

Take your first look at the first CHEVELLE!

CHEVELLE! by Chevrolet

New Chevelle Malibu Super Sport Coupe—one of 11 models in three great series.

You've never seen anything like this totally new line of cars before. Chevelle is new in everything but Chevrolet quality. Chevelle is a good foot shorter than the big cars, so it parks easily. Yet the interior dimensions of its Body by Fisher provide a generous amount of head, leg and shoulder room. (Chevelle's trunk is big and roomy, too.) The ride is surprisingly smooth with a rugged coil spring at all

four wheels. And not so surprisingly for Chevrolet, the new Chevelle offers a choice of engines ranging from an economical 120-hp 6 to a 220-hp V8 (optional at extra cost.) Choose the Chevelle you like best from the three series—the Malibu Super Sport, the Malibu and the 300 Series, eleven models in all—at your Chevrolet dealer's. (Like this good-looking Malibu Super Sport, maybe?)

Rojean Hicks Seeks Damages in Suit

Hojean Hicks, joined by her husband, Eldon Hicks, and Bond Electric Co., all of Hamlin, has filed suit in 104th District Court of Anson, asking \$25,650 damages. Named in the suit was T. C. Gregory, also

of Hamlin.

The petition sets out that on Sept. 24, 1962, Mrs. Hicks was driving a pickup truck five and a half miles south of Hamlin when she met a car driven by Mr. Gregory. The petition claims that Gregory crossed the center stripe and forced Mrs. Hicks off the road. The pickup turned over and

Mrs. Hicks received injuries.

The pickup was owned by the electric company and had a reasonable value of \$700 before the accident but this way lowered to \$50 afterwards. Suit seeks \$850 damages.

Mrs. Hicks claims her injuries necessitated hospitalization, doctor bills and the hiring of extra help to operate their farm. For these costs plus payment for suffering she is asking \$25,000.

OVERPLANTING WHEAT CAN REDUCE FUTURE ALLOTMENTS

College Station — Overplanting wheat allotments this year can reduce a farm's future allotments, according to R. J. Mears, agronomist with the Texas Agricultural Extension Service. This effect on a farm's wheat history is one of several factors which farmers will want to consider in planning their 1964 crop operations.

Mears calls attention to a provision of the law passed in 1958 which can affect a farm's wheat acreage history. It directs that when no marketing quotas are in effect, farms exceeding allotments will receive that year's allotted acreage as history for future allotments. Complying farms receive their base acreage as history, he says.

The agronomist cited this example of how the provision would apply on a farm with a 100-acre wheat base and a

1964 allotment of 60 acres. If a farmer complies with his allotment, his wheat acreage credit for 1964 will be based on the 100-acre history. But if he exceeds his allotment, he will be credited with only 60 acres in computing his 1966 allotment.

Overplanting for the 1964 wheat crop will not affect the 1965 allotment since national and state 1964 wheat acreage will not be available when allotments are determined.

A farmer who overplants his 1964 allotment, Mears points out, can still avoid loss of base acreage history. He can dispose of his excess acreage by the deadline date for his county and still receive his 1964 base acreage history credit in determining future allotments. By thus complying with his allotment, he also becomes eligible for price supports.

Farmers are urged to check with the local ASC office for further information on the 1964 wheat program, says Mears.

One of 10 Best Pictures Coming

"El Cid", the screen spectacle picturing the battlefield exploits and great romance of Spain's 11th Century warrior-hero, is on many of the nation's lists of the year's 10 best films, including those of Time Magazine and the New York Times.

The motion picture with Charlton Heston and Sophia Loren co-starring and in Super Technicolor will open a special engagement on Sunday at the Rogue theatre. It comes there after having scored a big hit as a roadshow attraction in New York, Chicago, Los Angeles, Dallas and other cities.

The Samuel Bronston presentation marks the first time that the tale of the Spanish warrior and the beautiful Chimene has been brought to the screen, but for centuries the exploits of El Cid have captured the imaginations of poets, dramatists and balladeers.

It was El Cid, born Rodrigo Diaz de Bivar, who united Christian and Moor in a final, successful offensive against the great Islamic hordes which crossed the Mediterranean intent upon swallowing up the land that was to become Spain and then making a dagger-line thrust into the very heart of Europe.

Mrs. Will Fomby, 85, resident of the Fairview Community for 55 years, died at the Anson General Hospital in Anson, Monday morning at 5. She had been ill for about two years and had resided in the R. O. by Nursing Home prior to being hospitalized Sunday.

Assessor Urges Public Not to Pay Poll Taxes Yet

"Don't mail in poll tax payments along with your regular tax payments starting Oct. 1," was the advice of Jones County Tax Assessor Collector A. J. French this week.

Then he went on to explain that among the constitutional amendments Texans will vote on Nov. 9 is one that will do away with poll tax payments and substitute instead a registration system that will cost only 25 cents. Should the amendment carry, this registration would start about Dec. 1.

Many people normally pay their poll taxes along with property and personal taxes in October. The county, like many other tax authorities, allows a three per cent discount in October and the bulk of taxes are paid at this time.

The big hitch as emphasized by Mr. French, is that citizens who pay poll taxes in October or can not get their money back should the amendment carry.

"The only thing I know to do," Mr. French said, "is to tell people not to pay their poll taxes until we see what happens to the proposed amendment."

PIPERS TO TANGLE WITH HIGHLY RATED LOBOES FRIDAY

The Pied Pipers will close out a three game home stand as they take on the highly rated Cisco Lobos here Friday night. The Lobos have defeated both of their home county rivals, Ranger and Eastland, and suffered a narrow 6-0 loss to Stamford while the Pipers own a 3-0 record.

The Lobos are the pick for the 8-AA flag and boast a strong defensive game that has limited their three opponents to 20 points.

According to local scouting reports the boy to watch in the Cisco backfield is halfback Danny Phipps who weighs 180 pounds and is a strong runner. The fastest boy in the Lobo backfield is wingback Nicky Lopez who is very effective on reverses.

The possible starting lineup for the Lobos will be left end, C. B. Rust, 164-pound junior; left tackle, Richard Coats, 193-pound junior; left guard, Gene Darr, 185-pound senior; center, Ralph Lanham, 154-pound senior; right guard, Earl Carson, 198-pound senior; right tackle, Charles Stephenson, 162 pounds; right end, Robert Mitchell, 149 pounds; quarterback, Macon Strother, 157

pounds; fullback, Jimmy Brown, 149-pound junior; halfback, Phipps, senior; wingback, Nicky Lopez, 149-pound junior.

The Lobos run a flip-flop offense in which the line changes sides to go with the backfield. If the wingback changes sides when they line up, the line will also change sides, so that the right side of the line will be playing on the left, part of the time.

The game will get underway at 8 p.m. in Pied Piper Stadium.

The game will get underway DISTRICT ACTION—

Star Inzer of Hamlin has been named chairman for Jones County for the Texas Rural Roads Association.

TWENTY-FIVE YEARS AGO:

The General Crude Oilers baseball team, which has been setting the woods a fire with their playing in recent weeks defeated the Forsan Oilers Sunday afternoon by a 3 to 2 count for their twentieth straight victory of the year.

Lefty Courtney, pitching for the locals, allowed only three hits in the fray.

Mrs. C. S. Dickey and little son, Jerry Don, of Aspermont, were over Monday to be with her parents, Mr. and Mrs. Claud Newsom, who were here from California for a short visit.

First bale of 1938 cotton was brought to town Wednesday of this week by C. C. Lopez, farming southwest of town. It was ginned by the Fed H. Britton gin.

Mrs. Ineth Williams, daughter of Mrs. T. E. Harden, left Sunday for Chicago as one of the Curtis Publishing Company contest winners recently conducted.

FORTY YEARS AGO:

On Thursday, August 23, 1923, at the City Hall a number of ladies met to organize a Cemetery Association.

Bud Ferguson who sold his fine place at Neinda last week is not going to leave a good county like this around Hamlin. He just comes up a little nearer town and buys the Caldwell farm, two miles south of town.

The next fad for the ladies will be "bobbed switches."

The Jones County Commissioners Court was sitting as a board of equalization Monday. Notices of increased valuations were mailed to eight taxpayers but up to noon Monday only two had appeared to contest the increase.

SAME OLD STORY!

A boy and girl... he carries her books to school... they share stories and laughter... yes, it's the same old story, but it's all new to them. Even though we have seen it many times before, we receive joy in seeing their joy.

From the beginning of man's time on earth, God has revealed himself to man, and man has told others about God, and how much God has done for man. Through centuries the story has not changed, but there are many who have not heard the story. Invite someone to church this Sunday. It may be their first opportunity to hear of God's great love.

"For God so loved the world that he gave his only begotten Son, that whosoever believeth in him should not perish, but have everlasting life."

John 3:16

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Newspaper to Run Children's Pics In Near Future

It is an undisputed fact that the responsibilities of tomorrow's world our nation and community will rest upon the shoulders of the children of today. Since this is true, the publisher of this newspaper would like to give you a good look at these future "World Builders."

The only way we can do this is by publishing pictures of them in a feature series. To assure the latest and best reproduction pictures they must all be of uniform size and quality.

An expert children's photographer with all the necessary equipment for this specialized work will be here Wednesday, Oct. 2.

Pictures will be taken at the White Plaza Hotel from 10 a.m. to 3 p.m.

No Charge to Parents

There is no charge to the parents. There are absolutely no strings to this invitation. It is bonafide in every sense of the word. Parents do not have to be subscribers, nor even readers of this newspaper to take advantage of this feature. Neither are they obligated to purchase pictures after they are taken. Those who want some additional prints may obtain a limited number by arrangement with the studio representative.

The Year of the Test Drive starts today!

Ford cars have changed. Only a test drive can tell you how much. Races and rallies, economy runs, braking and acceleration tests have bred into our 1964 models the kind of total performance you just can't create on the test track alone. They are hard-muscled, fast-moving, sure-footed. Open competition helped make them that way. They offer you substantially more car than anything at their price. You don't have to take our word for it. We're willing to rest our case on our cars.

FAIRVIEW NEWS

By MRS. ELMER JOINER

Fall is in the air this Monday morning, the weather is cool and from the weather reports, it may get cooler, which will please everyone. Since this has been one of the history making hot summers, we are all glad it is over, even if winter is near.

It seems that deaths and tragedy headlines our news once again this week. Word has been received of the death of Mrs. Will Fomby, in the Anson Hospital, at five o'clock this morning. Mrs. Fomby has been in the Roby Nursing home, but was transferred to Anson Hospital yesterday morning. Funeral services were held at the Fairview Church, where she has been a long time member, at 4 p.m. Tuesday afternoon, with burial in the Fairview Cemetery beside her husband, the late Will Fomby.

Mr. and Mrs. Fomby came out to our community as a young married couple and bought the home southeast of the church, where they reared their family. After Mr. Fomby's death she continued to live there until ill health forced her to break up housekeeping, after which she lived in Anson, until going to the nursing home in Roby.

Since last week's paper carried the death of Mr. G. W. Wainwright all we need to add to it is our sympathy to the family. On Monday morning he was still alive but passed away the following day, with funeral services being held in our church, where he was a member. Another old time resident of our community has passed on, leaving another vacant spot.

It was a great shock to the people of this area Saturday night when they learned that the pilot killed in the crash of the jet plane, south of Abilene Saturday night, was Billy Fielder son of Mr. and Mrs. Gay Fielder, former residents of our community, but having lived in Alpine for many years. Mr. Fielder is the owner of the place known as the Jenkins place, where Mr. and Mrs. O. L. Jenkins lived for many years, and a cousin of Mrs. Johnson. The victim was a grandson of Mrs. Mattie Bruner, who has been in the Hamlin Hospital very ill for some months, her mother being the former Fannie Bruner. His mother, Mrs. Fielder, was in Hamlin with her mother, when the tragedy occurred. Besides his family he is survived by a wife and two children.

Many out our way attended the Homecoming activities in Hamlin Saturday and from the crowd lining the streets it seemed that all of the county must have been out to see the parade. The parade was some thing to see, representing many hours of work and planning. The winning entry was the Seniors float and very eye

catching with a live coon up a tree, three hunting dogs below that didn't realize it was all in fun, and persisted in baying at the coon most of the time, while the poor coon was frightened to death. Three hillbilly hunters with rifles being very cute.

It has been learned that another pioneer resident of this vicinity, Mrs. D. M. Harris, now living in Commerce, is in a very critical condition.

Mr. and Mrs. W. C. Henry, Elgin, came and spent the weekend with his parents, Mr. and Mrs. E. A. Henry and brought their daughter Jo, to spend some time with the grandparents.

Wednesday, Mr. and Mrs. Henry went to Blooming Grove, Texas, to attend the funeral of a cousin, Mrs. John Pullin.

Saturday night visitors of Mr. and Mrs. Elmer Joiner were, Mr. and Mrs. Buck Joiner, Jerry and Susan, from Odessa, and Winifred Joiner, San Antonio. Sunday visitors were Mr. and Mrs. Jimmy Joiner, Jeannie and Ronald, Stamford.

Mr. and Mrs. Mel Jones went to Abilene Saturday night and visited their son, Mr. and Mrs. Rex Jones, Mark and Sherry.

Linda Goodwin is very proud of her drivers license, which she got last week by passing the final test. She took the drivers education course in the summer but owing to illness was not able to take her test at that time.

Since I promised to tell you about my trip to the city of San Antonio this week will say that I did go and had a great time. Stayed on the tenth floor of the Granada Hotel, which is a long way up for an old country girl, and attended two days and three nights of activities where there were 800 women present, and maybe you think that isn't a lot of women, without a man in the crowd, besides a speaker or two. The highlight of the meeting was the banquet Thursday night, where Mrs. Lyndon B. Johnson was a guest, and the featured speaker, telling of their recent trip to the Scandinavian countries. She is a very interesting speaker and she also stood at the door and shook hands with the whole 800 people there, so we can all say that we got to shake hands with the Vice-President's wife, which is next to shaking hands with Jackie.

NEINDA PHILOSOPHER TELLS WHY THE UNITED NATIONS FINDS ITSELF HEAD OVER HEELS IN DEBT

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route 1 tries to shed some light on international finance this week, his letter indicates.

Sometimes the difference between a big man and a little man is that the big man just owes more money.

I don't know why I mention this, unless it was because of an article I read last night while I was going over some bills I was supposed to pay before the 10th of the month.

According to it, the United Nations is 100 mill dollars in debt and its financial situation is getting worse instead of better. This has shocked a lot of

people. Now I'm not going into the philosophical purposes of the United Nations, that's out of my field, although if the world ever eliminates war it'll probably be through a single police force, but don't ask me how we can swing it.

What I was interested in is the financial aspects of the organization. I mean, what's so surprising about the fact the UN is head over heels in debt?

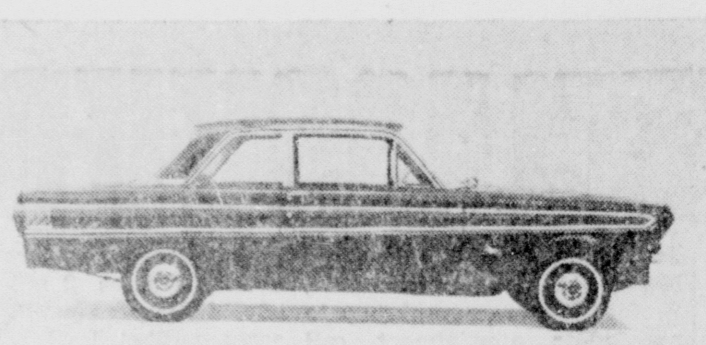

You take 75 or 100 countries, each one of which is head over heels in debt, and let them form a super-organization like the UN, and what can you expect?

If 75 or 100 farmers who can't quite make ends meet

organized a bank, how long you reckon it's be before that bank was out of money?

Idealists who are shocked that the United Nations is financially embarrassed just don't understand how the world operates. I'll explain it to them. It goes this way:

The first unit of government a man comes in contact with is the precinct or town or city governments, 90 per cent of which are in debt. The next is the county, 90 per cent of which are in debt. The next is the state, 90 per cent of which are in debt. The next is Washington, 100 per cent of which is in debt, the same as London, Paris, Moscow, etc. Under this system, where else would the

Although it retains its handy compact size, the Ford Falcon has an exciting new look of action for 1964. Completely restyled for the first time since its introduction four years ago, the new Falcon offers added comfort inside, improved economy and a softer, big-car ride. Both tall and short drivers will find the visibility improved and the seating position more comfortable. The Falcon matches its look of action with a choice of engines ranging from the economical 141-cubic-inch six-cylinder to the high performance 260-cubic-inch V-8. The Falcon has the widest model choice in the compact field with 17 models in five series including 2- and 4-door sedans, hardtops, sports coupes, convertibles, station wagons and the Station Bus, Club Wagon and Deluxe Club Wagon. They will be introduced in Ford dealer showrooms September 27.

United Nations be except in soon as we get there.

The only debt-free place I know of is the moon, and we're fixing to remedy that just as

You know where I can borrow some money on a second Yours faithfully J. A.

We plowed the new ground

Midwest Electric Cooperative pioneered rural electrification in the nine county area it serves. The member-owners of Midwest Electric borrowed \$4,900,000 and built their own electric system to serve people who had no electricity. Midwest Electric was first to serve these areas. No one else could or would offer service.

Since 1938, Midwest Electric has repaid more than \$1,200,000 on the principal and more than \$760,000 in interest on their loans while offering a dependable efficient, economical electric service.

Midwest Electric plowed the new ground and their member-owners today are harvesting a healthier, happier, better way of life through rural electrification.

The Hamlin Mighty Mice upset the Albany Cubs here Tuesday night in a defensive battle, 8-6. The Mice scored in the fourth quarter and held an eight point lead until there was less than a minute on the scoreboard clock. The Cubs scored in the final seconds of the game but were unable to pick up their two points.

The Mighty Mice have an open date next Tuesday night, but will host the Anson Cubs on Oct. 8. The game time will be 7 p.m.

On April 18, 1949, Erie became the Free Republic of Ireland, cutting last ties with Britain.

PIPERS GET OFF TO SLOW START AS THEY DOWN SPUR, 48-12

The Pied Pipers mauled a game, but undermanned, Spur eleven here Saturday night, 48-13. After a lackadaisical first quarter, the Pipers started to move in the second, scoring three touchdowns. They rolled up 15 points in the third period and 12 in the final quarter. Spur put their 12 points on the board in the last period as they gained field position for the first time of the night and took to the air against the Piper reserves.

Spur brought only 15 men with them and were soon worn down as they were unable to substitute. The ball changed hands twice in the opening minutes of the game as both teams lost the ball on fumbles deep in Spur's territory. Spur fumbled on the second play of the game with Hamlin taking over on the Spur 16. After moving down to the Spur four yard line, Hamlin drew a 15 yard penalty that put them back on the 19. After picking up one yard in two plays, the Pipers fumbled on a run to the Spur six.

The ball changed hands seven times before the Pipers

were able to get a touchdown drive going in the second quarter. Getting the ball on the Spur 41 yard line following the recovering of Spur miscue, the Pipers gained the 41 yards in 10 plays with halfback Rupert Compton doing the honors from the six. Robert Pearce kicked the first of four one pointers for the night.

Spur failed to move the ball and punted from their 18 with Pearce returning it to the 21. From that point Hamlin drove to the goal line in 5 plays with Pearce going in from the four. He kicked the point after and the Pipers held a 14-0 lead.

Again, following the kick off the Bulldogs failed to gain and punted from their 34 with Hamlin returning it to the Spur 43. Halfback Larry Butler gained nine and then quarterback Johnny Oberman passed to Mike Shivers for 18 yards and then the two connected again for 28 yards and the score. The Pipers led 21-0 following Pearce's successful kick.

In the third period the two teams exchanged punts and then the Pipers put together a 70 yard drive for a tally with

Compton breaking loose for a 44 yard scamper. Pearce again kicked the point after.

Hamlin recovered a Spur fumble on the Bulldog 9 midway in the third period and took three plays to score with fullback Cleon Warner powering in from the two. The Piper Pearce passed to Butler for a two pointer.

Early in the final period Hamlin drove 28 yards in seven plays to score following a fumble recovered. Halfback Allen Cumble scored from the two.

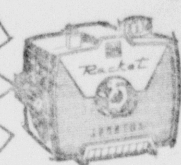

Spur put their first mark on the scoreboard following the kickoff that they returned to the Hamlin 49. Three pass plays and a 15 yard penalty against Hamlin were the factors in the drive as quarterback George Neaves passed to halfback Rickey Ball for 27 yards and the score. The point after try failed and the score stood 42-6.

The Pipers were forced to punt from their own 31 and the Bulldogs put two pass plays and a five yard penalty together for the score. Neaves passed to halfback Joe Stanley for the last nine yards.

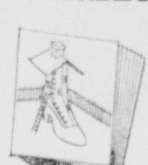

Taking the kickoff back to their own 33, the Pipers ran two plays for a net loss of one yard and then quarterback Tommy Ferguson flipped a short pass to end James Ledbetter with Ledbetter going all the way. The play was good for 68 yards.

Expect great things from Chevrolet again-for '64

Today... Jet-smooth Luxury '64 CHEVROLET

Chevrolet was luxurious before, but you should see it now. With smart new styling, the '64 Chevrolet looks even longer (but isn't). There's even a whole new series this year—the Impala Super Sports—with front bucket seats as standard equipment. (The new Impalas and Bel Airs are more luxurious, too. Even the lowest priced Biscaynes have new foam-cushioned seats front and rear and are fully carpeted.) Of course, you expect more than just luxury from Chevrolet. A choice of 16 power teams, for instance—a 6 and six V8's up to 425 hp (optional at extra cost). And quieter transmissions. Jet-smooth ride with Full Coil suspension. Flush-and-dry rocker panels. Delco-tron generator, self-adjusting brakes and other low-upkeep features. If you've ever wondered how luxurious Chevrolet could get—with all the extra-cost options there are to choose from—that seems to be entirely up to you.

Take your first look at the first CHEVELLE!

CHEVELLE! by Chevrolet

You've never seen anything like this totally new line of cars before. Chevelle is new in everything but Chevrolet quality. Chevelle is a good foot shorter than the big cars, so it parks easily. Yet the interior dimensions of its Body by Fisher provide a generous amount of head, leg and shoulder room. (Chevelle's trunk is big and roomy, too.) The ride is surprisingly smooth with a rugged coil spring at all four wheels. And not so surprisingly for Chevrolet, the new Chevelle offers a choice of engines ranging from an economical 120-hp 6 to a 220-hp V8 (optional at extra cost.) Choose the Chevelle you like best from the three series—the Malibu Super Sport, the Malibu and the 300 Series, eleven models in all—at your Chevrolet dealer's. (Like this good-looking Malibu Super Sport, maybe?)

OVERPLANTING WHEAT CAN REDUCE FUTURE ALLOTMENTS

College Station — Overplanting wheat allotments this year can reduce a farm's future allotments, according to R. J. Mears, agronomist with the Texas Agricultural Extension Service. This effect on a farm's wheat history is one of several factors which farmers will want to consider in planning their 1964 crop operations.

Mears calls attention to a provision of the law passed in 1958 which can affect a farm's wheat acreage history. It directs that when no marketing quotas are in effect, farms exceeding allotments will receive that year's allotted acreage as history for future allotments. Complying farms receive their base acreage as history, he says.

The agronomist cited this example of how the provision would apply on a farm with a 100-acre wheat base and a

1964 allotment of 60 acres. If a farmer complies with his allotment, his wheat acreage credit for 1964 will be based on the 100-acre history. But if he exceeds his allotment, he will be credited with only 60 acres in computing his 1966 allotment.

Overplanting for the 1964 wheat crop will not affect the 1965 allotment since national and state 1964 wheat acreage will not be available when allotments are determined.

A farmer who overplants his 1964 allotment, Mears points out, can still avoid loss of base acreage history. He can dispose of his excess acreage by the deadline date for his county and still receive his 1964 base acreage history credit in determining future allotments. By thus complying with his allotment, he also becomes eligible for price supports.

Farmers are urged to check with the local ASC office for further information on the 1964 wheat program, says Mears.

One of 10 Best Pictures Coming

"El Cid", the screen spectacle picturing the battlefield exploits and great romance of Spain's 11th Century warrior-hero, is on many of the nation's lists of the year's 10 best films, including those of Time Magazine and the New York Times.

The motion picture with Charlton Heston and Sophia Loren co-starred and in Super Technirama Technicolor will open a special engagement on Sunday at the Rogue theatre. It comes there after having scored a big hit as a roadshow attraction in New York, Chicago, Los Angeles, Dallas and other cities.

The Samuel Bronston presentation marks the first time that the tale of the Spanish warrior and the beautiful Chimene has been brought to the screen, but for centuries the exploits of El Cid have captured the imaginations of poets, dramatists and balladeers.

It was El Cid, born Rodrigo Diaz de Bivar, who united Christian and Moor in a final, successful offensive against the great Islamic hordes which crossed the Mediterranean intent upon swallowing up the land that was to become Spain and then making a dagger-line thrust into the very heart of Europe.

Mrs. Hicks received injuries.

The pickup was owned by the electric company and had a reasonable value of \$700 before the accident but this way lowered to \$50 afterwards. Suit seeks \$650 damages.

Mrs. Hicks claims her injuries necessitated hospitalization, doctor bills and the hiring of extra help to operate her farm. For these costs plus payment for suffering she is asking \$25,000.
